We know what you think: “All plastic is bad, right?” Well, it turns out that plastic might be fantastic if you give it a second chance. So we did. We collected post-consumer plastic waste and created fully circular plastic that retains its strength and integrity after endless recycling cycles. Introducing our 100% recycled, guilt-free, and eco-friendly goodies that are actually good, both for you and the planet.

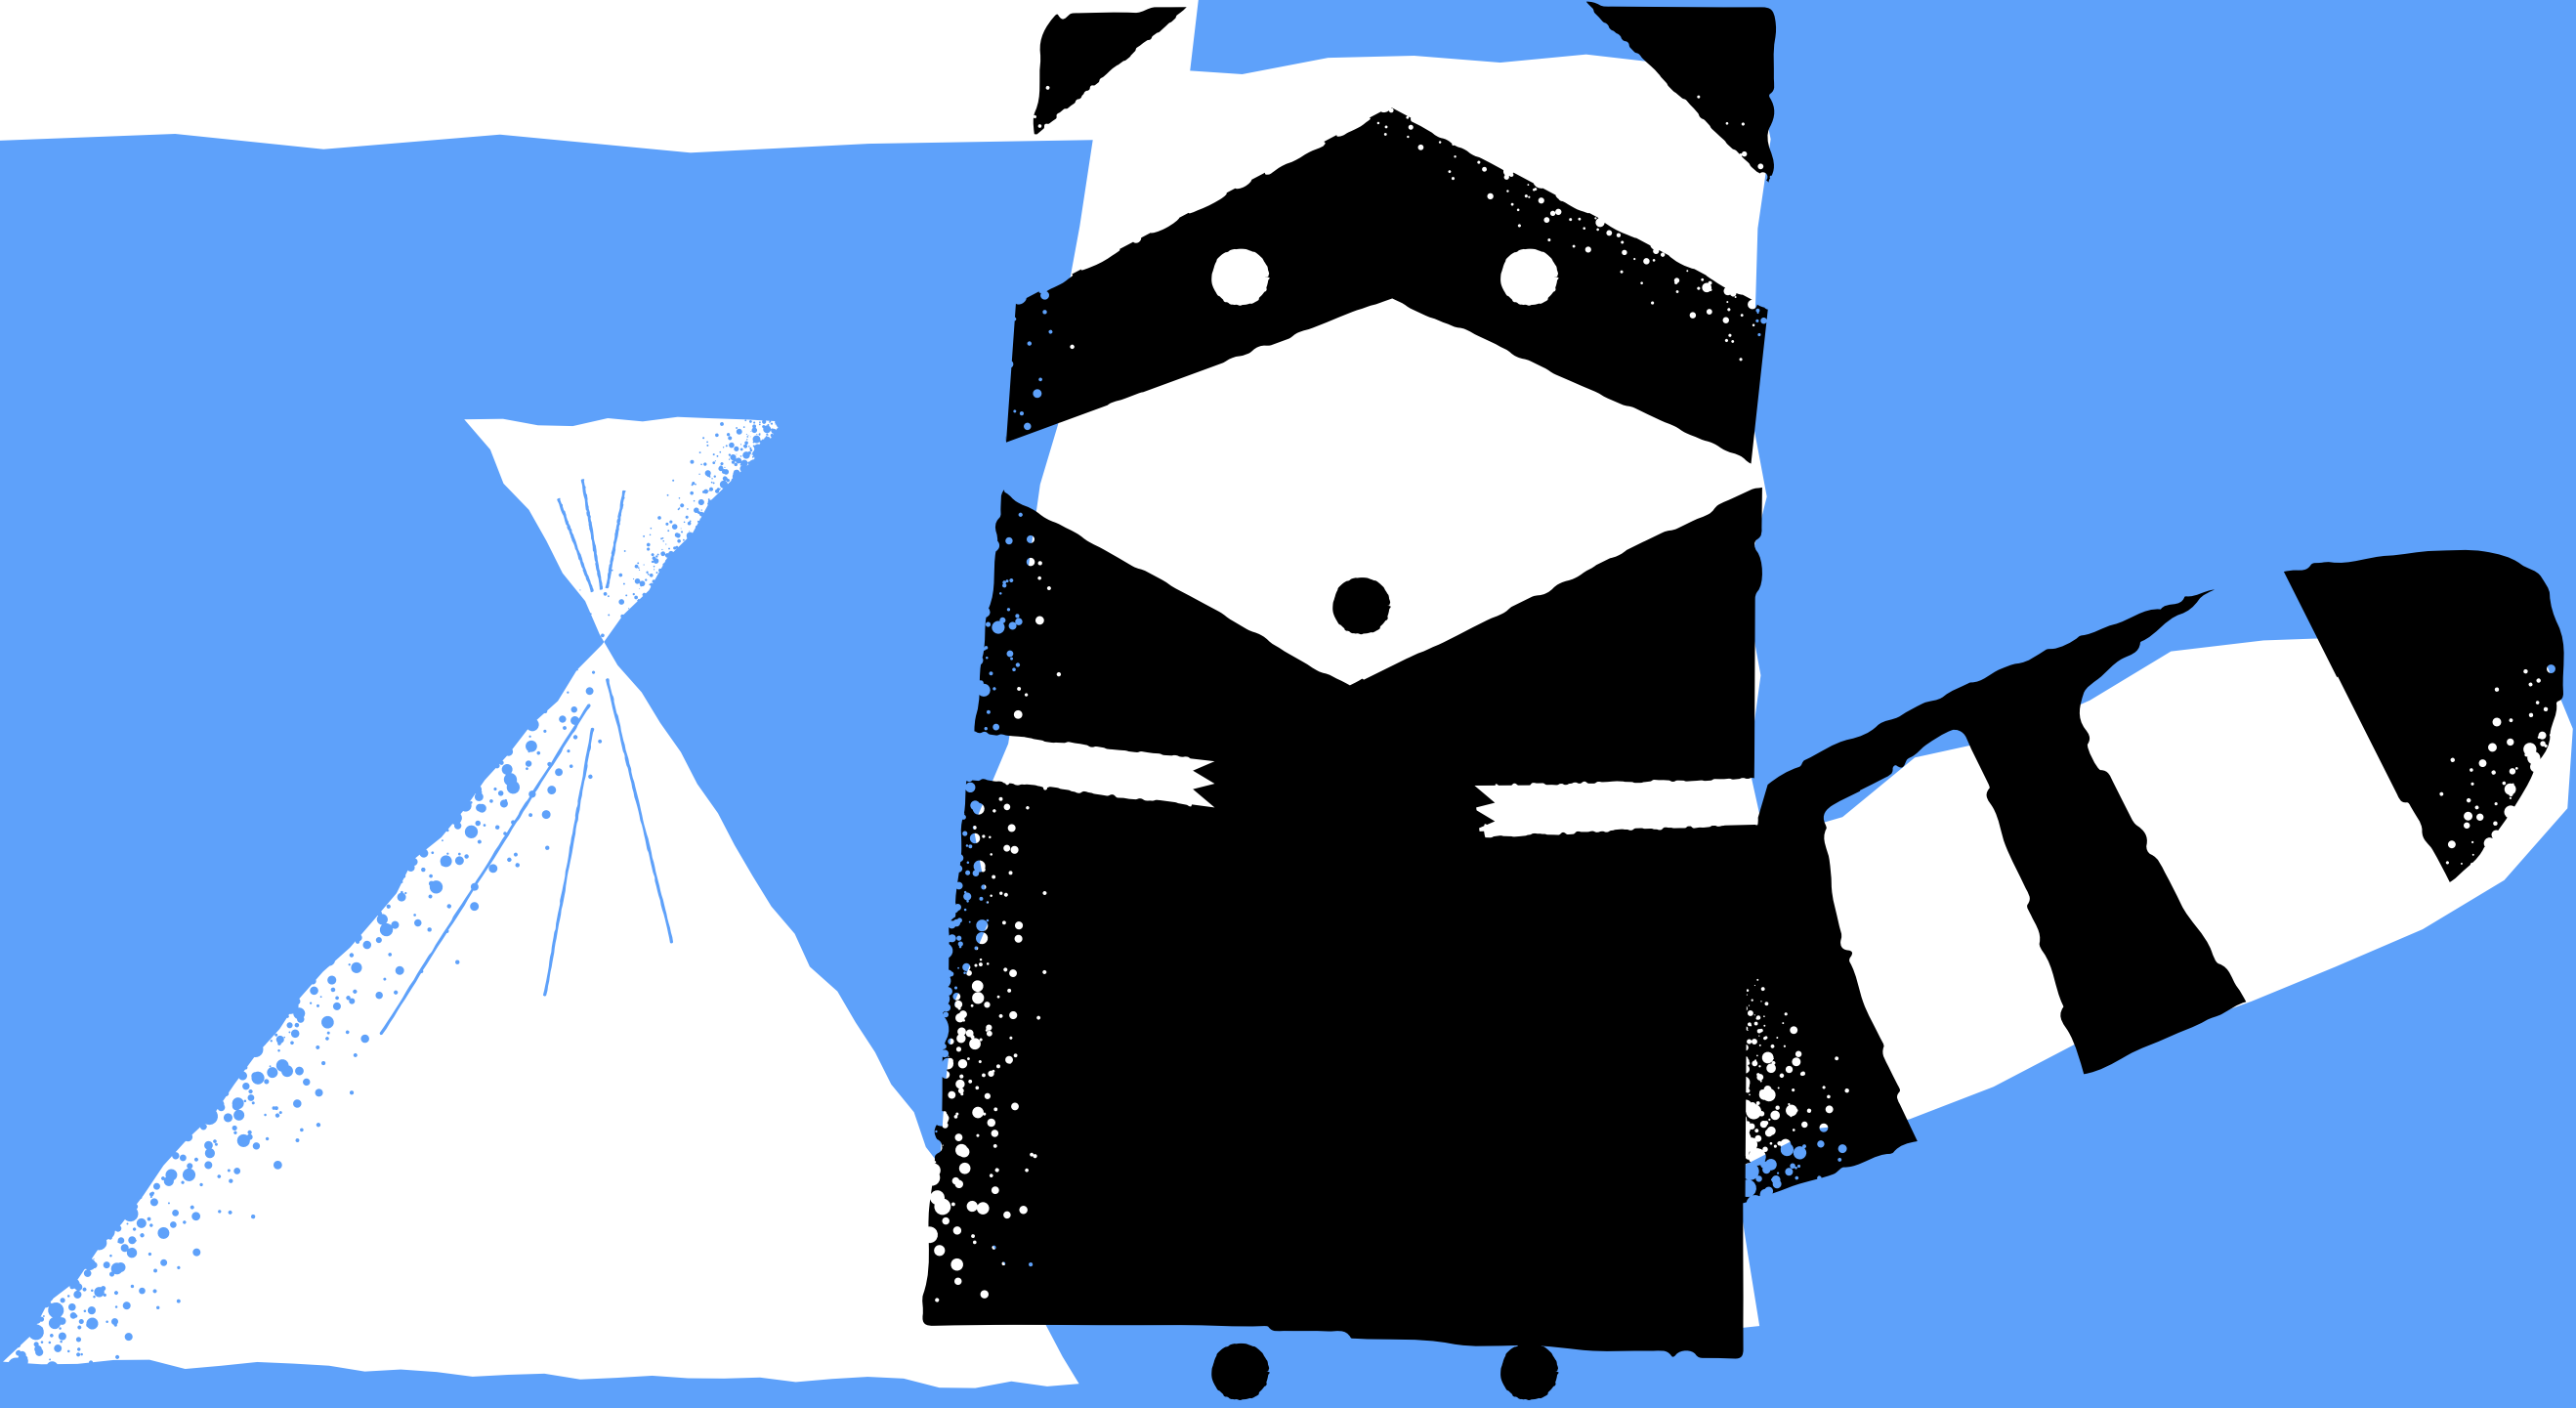

Certified sustainability

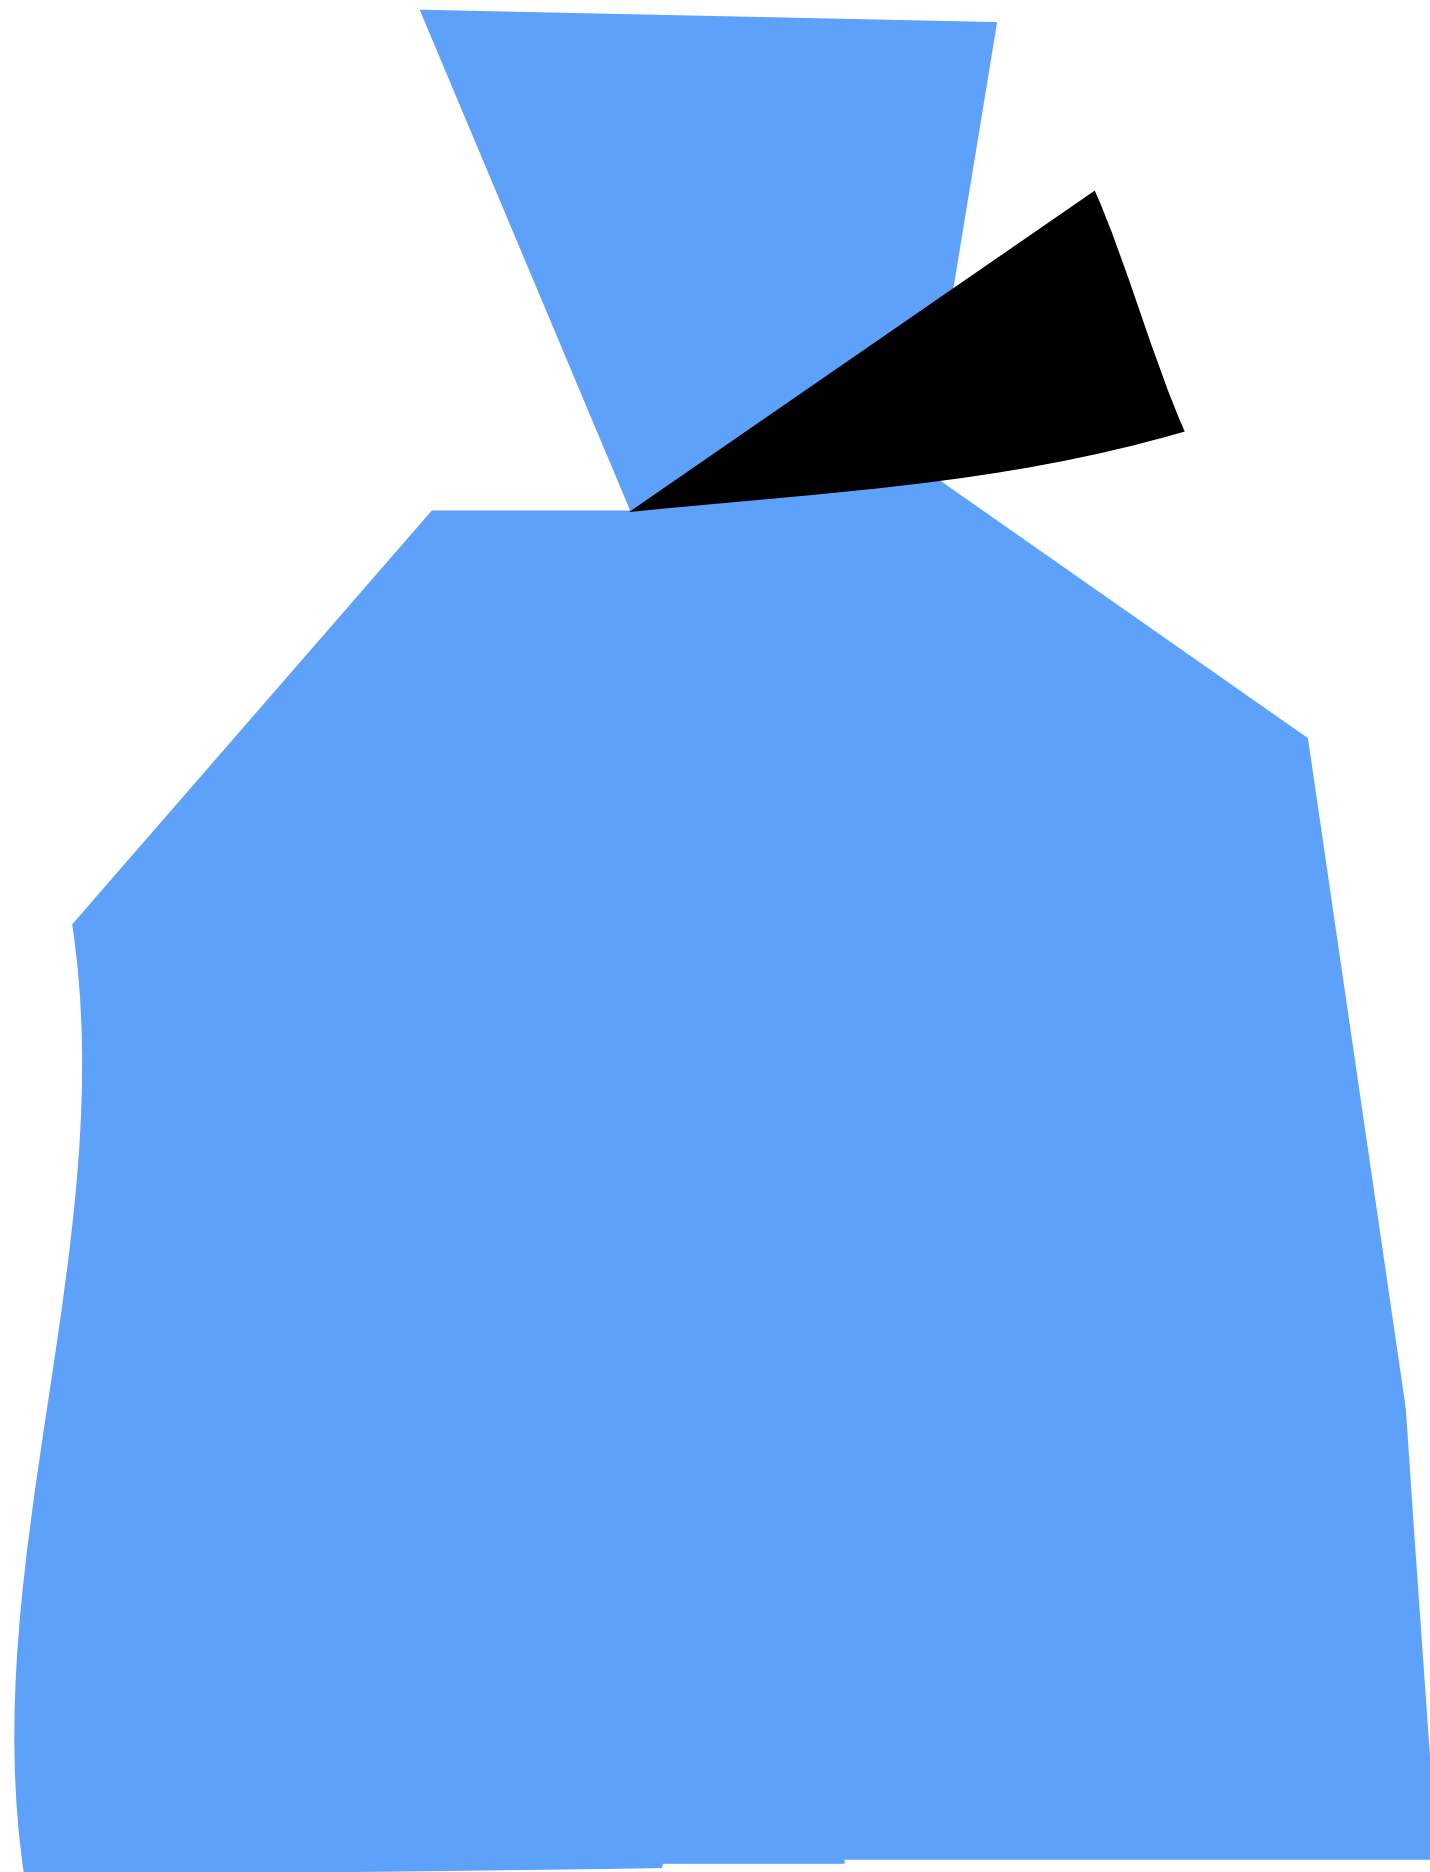

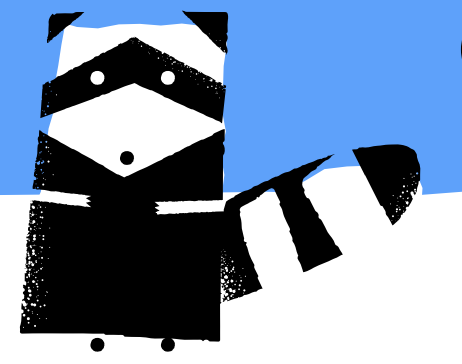

It's one thing to claim you're sustainable. It's another to have certifications recognizing the quality of our processes and products. Trash Panda garbage bags are crafted from 100% recycled post-consumer waste, with 40–60 percent derived from household plastic waste, encouraging waste reduction and lowering our environmental impact. Pretty cool, right?

Our

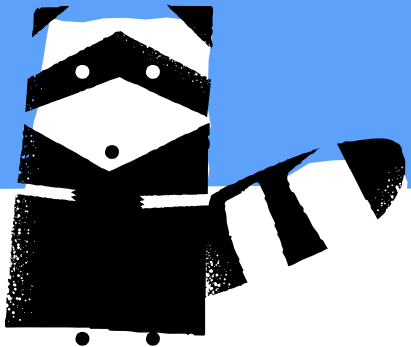

goodies

Trash Panda **bags** that are anything but trashy

We've put together a lineup all about you and your needs. Whether you're looking for garbage bags that vary in function, thickness, color, size, or closure, we've got you covered. Plus, they're 100% recycled and sourced from household plastic waste. So you can deal with the household mess without any confusion and stress while helping fight plastic's negative impact.

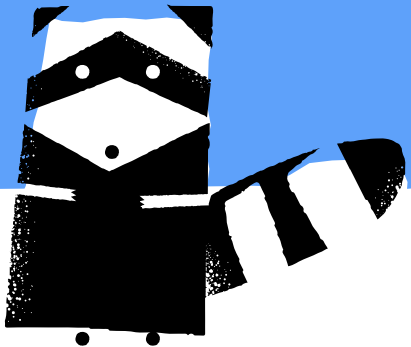

STRONG

Extremely strong garbage bags are several times more durable than ordinary ones. Plus, they are entirely waterproof, so no more spills or soggy messes with our resilient bags!
